

Electric Manual 15 Kva 3 Phase Diesel Generator SDEC Diesel Engine Generator

Our Product Introduction

for more products please visit us on diesels-generators.com

Basic Information

- Place of Origin: China
- Brand Name: Sdec
- Certification: ISO9001
- Minimum Order Quantity: 1
- Price: Negotiation
- Packaging Details: Wood case
- Delivery Time: 10-15 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 1000 pieces per week

Product Specification

- Power: 10-1000KW
- Control System: Automatic/Manual
- Cooling System: Air/Water
- Speed: 1500/1800rpm
- Frequency: 50/60Hz
- Brand: SDEC
- Warranty: 1 Year
- Fuel: Diesel
- Highlight: **Electric 3 Phase Diesel Generator,
Manual 3 Phase Diesel Generator,
15 kva 3 phase diesel generator**

Product Description

Product Description:

SDEC Diesel Power Generator is a reliable and efficient power source. It is designed for high performance with low emission to meet the requirements of customers. It is powered by diesel engine which is fuel-efficient and able to provide a steady power output. It has a wide range of voltage options (220V/ 380V/ 400V/ 415V/ 440V/ 480V) and a variety of starting systems (Electric/Manual). It also offers two speeds (1500/1800rpm) and a power range from 10-1000KW. SDEC Diesel Power Generator has a stable operation and low fuel consumption, making it an ideal choice for industrial and commercial applications. With outstanding quality and advanced technology, it is the perfect choice for customers who are looking for a reliable and powerful power source.

Features:

SDEC Diesel Generator: Voltage: 220V/ 380V/ 400V/ 415V/ 440V/ 480V; Cooling System: Air/Water; Fuel: Diesel; Brand: SDEC; Speed: 1500/1800rpm.

SDEC Diesel Power Generator: Voltage: 220V/ 380V/ 400V/ 415V/ 440V/ 480V; Cooling System: Air/Water; Fuel: Diesel; Brand: SDEC; Speed: 1500/1800rpm.

SDEC Diesel Generating Equipment: Voltage: 220V/ 380V/ 400V/ 415V/ 440V/ 480V; Cooling System: Air/Water; Fuel: Diesel; Brand: SDEC; Speed: 1500/1800rpm.

Technical Parameters:

| Property | Details |
|-------------------|--|
| Protection System | Overload/High Temperature/Low Oil Pressure |
| Fuel | Diesel |
| Speed | 1500/1800rpm |
| Power | 10-1000KW |
| Noise | Low |
| Brand | SDEC |
| Type | Diesel Generator |
| Frequency | 50/60Hz |
| Starting System | Electric/Manual |
| Cooling System | Air/Water |

Applications:

The **SDEC Diesel Engine Generator** is a reliable and efficient power source manufactured by SDEC. It is renowned for its quality, durability and performance, certified by ISO9001. This generator is available with different power ratings ranging from 10 to 1000KW. It also provides automatic or manual control system, air or water cooling system, and electric or manual starting system. Moreover, the generator is competitively priced and is available in the minimum order quantity of one piece. It also offers fast delivery within 10-15 days and flexible payment terms such as L/C, D/A, D/P, T/T, Western Union, MoneyGram. Furthermore, it is supplied with a wood case for safe packaging and a one-year warranty. The **SDEC Diesel Engine Generator** is widely used for a variety of applications. It is an ideal power supply for industrial and commercial facilities, such as factories, businesses, hospitals, and laboratories. It can be used as a backup power source during power outages or emergency situations. It is also used for telecommunication systems, construction sites, and other applications that require a reliable power source. Additionally, it is used to power recreational vehicles, marine vessels, and agricultural equipment. With its reliable and efficient performance, the SDEC Diesel Engine Generator is the perfect choice for any application. The **SDEC Diesel Power Generator** is trusted by customers for its high-quality and dependable operation. It is specifically designed to provide reliable power in extreme conditions, making it an ideal option for any application. It is equipped with advanced features such as a control system, cooling system, and starting system. Additionally, it is available in different power ratings and comes with a one-year warranty. Furthermore, the generator is competitively priced and offers convenient payment terms and fast delivery. The **SDEC Diesel Engine Generator Set** is a reliable and efficient power source. It is equipped with advanced features such as a control system, cooling system, and starting system. It is manufactured with quality materials and is certified by ISO9001. Additionally, it is available in the minimum order quantity of one piece and comes with a one-year warranty. Furthermore, the generator is competitively priced and is supplied with a wood case for safe packaging. It is an ideal power source for industrial and commercial facilities, and is also used for telecommunication systems, construction sites, and other applications that require a reliable power source.

Control System: Automatic/Manual

Cooling System: Air/Water

Starting System: Electric/Manual

Fuel: Diesel

Protection System: Overload/High Temperature/Low Oil Pressure

SDEC Diesel Engine Generator, SDEC Diesel Generating Unit, the reliable power source for high efficiency, low noise and low emission.

Support and Services:

SDEC Diesel Generator provides technical support and service for its products. The technical support covers product installation and commissioning, product maintenance and repair, product warranty, and post-warranty service.

The technical support team is available to answer questions about product installation, maintenance, and repair. The team also provides technical advice to help users operate and maintain the generator correctly. In addition, the team offers troubleshooting advice to help users identify and fix common issues.

The customer service team is available to answer questions about product warranty and post-warranty service. The team can also provide information about product recalls and product safety measures. In addition, the team can help users with any questions or concerns they have about the generator.

SDEC Diesel Generator also provides online resources such as product manuals and user guides to help users understand the product and troubleshoot any issues. The online support team is available to answer any additional questions.

Packing and Shipping:

SDEC Diesel Generator Packaging and Shipping

Diesel generators are packaged in wooden crates, plastic bags, and cardboard boxes to protect them from damage during transit.

The size of the packaging depends on the size of the generator and the shipping requirements.

The generator is loaded onto a truck or trailer for transport to the destination.

The truck or trailer is equipped with appropriate safety features such as straps, tie-downs, and fasteners.

Care is taken to ensure the generator is secure and safe during transit.

FAQ:

Frequently Asked Questions about SDEC Diesel Generator

Q1: What is the Brand Name?

A1: The Brand Name of this product is SDEC.

Q2: Where is this product made?

A2: This product is made in China.

Q3: Does this product have any certifications?

A3: Yes, this product is certified by ISO9001.

Q4: What is the minimum order quantity?

A4: The minimum order quantity of this product is 1.

Q5: What is the pricing?

A5: The price is negotiable.
