Basic Information

- Place of Origin: China
- Brand Name: Ricardo
- Certification: ISO9001, ISO14001, CE
- Model Number: ZH4105ZD
- Minimum Order Quantity: 1 Set
- Price: 1902USD
- Packaging Details: Please consult customer service.
- Delivery Time: About 30-50 days
- Payment Terms: L/C, T/T, Western Union, MoneyGram
- Supply Ability: 100 Set/Month

Product Specification

- Noise Level: $\leq 70\text{dB(A)}$
- Starting System: Electric Start
- Rated Frequency: 50HZ/60HZ
- Frequency: 50Hz
- Engine: Ricardo N4105DS
- Product: Diesel Generator
- Output Type: AC Single/Three Phase
- Canopy: Customized
- Highlight: **Ricardo Diesel Standby Generator,
ZH4105ZD Diesel Standby Generator,
50KW Ricardo Diesel Generator**

Product Description

Product Description:

50KW ZH4105ZD Customized Canopy Electric Start Ricardo Diesel Standby Generator For Emergency Power

Ricardo Diesel Generator

Product Overview

The Ricardo Diesel Generator is a powerful and reliable source of continuous power that is ideal for a wide range of applications. This generator is designed to provide you with a reliable and consistent source of electricity, making it perfect for both residential and commercial use.

Package

The Ricardo Diesel Generator comes packaged in a sturdy wooden case, providing excellent protection during transportation and storage. The wooden case is durable and ensures that the generator remains in perfect condition during shipping.

Output Type

The Ricardo Diesel Generator is available in both single and three-phase output options, making it suitable for a variety of power needs. Whether you need to power a small household or a large industrial facility, this generator is equipped to meet your requirements.

Canopy

The canopy of the Ricardo Diesel Generator can be customized to suit your specific needs. This allows you to choose the color, size, and design that best fits your requirements and blends in with your surroundings.

Noise Level

The Ricardo Diesel Generator has a noise level of $\leq 70\text{dB(A)}$, making it one of the quietest generators on the market. This makes it perfect for use in residential areas, as well as in noise-sensitive environments such as hospitals and schools.

Product Options

The Ricardo Diesel Generator is available in various options to cater to different power needs. These options include the Ricardo Diesel Continuous Power Generator, Ricardo Diesel Power Generator, Ricardo Diesel Standby Generator, and Ricardo Diesel Emergency Generator.

Conclusion

The Ricardo Diesel Generator is a reliable, efficient, and versatile power generator that is perfect for both residential and commercial use. Its customizable canopy, low noise level, and various output options make it the ideal choice for all your power needs. Choose the Ricardo Diesel Generator for uninterrupted and dependable power supply.

Features:

Product Name: Ricardo Diesel Generator

Canopy: Customized

Rated Frequency: 50HZ/60HZ

Engine: Ricardo N4105DS

Frequency: 50Hz

Starting System: Electric Start

Ricardo Diesel Electricity Generator

Ricardo Diesel Continuous Power Generator

Ricardo Diesel Standby Generator

Technical Parameters:

Product	Ricardo Diesel Generator
Excitation Type	Brushless Self-excitation
Rated Frequency	50HZ/60HZ
Noise Level	$\leq 70\text{dB(A)}$
Starting System	Electric Start
Frequency	50Hz
Package	Wooden Case Packing
Canopy	Customized
Engine	Ricardo N4105DS
Output Type	AC Single/Three Phase
Product	Ricardo Diesel Backup Generator, Ricardo Diesel Emergency Generator, Ricardo Diesel Power Generator

Applications:

Ricardo Diesel Generator

Product Description

The Ricardo Diesel Generator is a high-performance and durable power generator designed and manufactured by Ricardo, a leading brand in the industry. This generator is suitable for various applications, providing continuous power, standby power, and electricity generation.

Brand Name: Ricardo

The Ricardo Diesel Generator is proudly manufactured by Ricardo, a well-known and trusted brand in the power generation industry. With its advanced technology and superior quality, Ricardo has become a popular choice among customers worldwide.

Place of Origin: China

The Ricardo Diesel Generator is proudly made in China, a country known for its advanced manufacturing technology and high-quality products. Ricardo's production facility in China is equipped with state-of-the-art machinery and equipment, ensuring the highest standards of quality and reliability.

Certification: ISO9001, ISO14001, CE

The Ricardo Diesel Generator has been certified by ISO9001 and ISO14001, two internationally recognized standards for quality management and environmental management. It is also certified by CE, ensuring that the product meets all the necessary safety and quality standards for use in various countries.

Minimum Order Quantity: 1 Set

Customers can purchase the Ricardo Diesel Generator in a minimum quantity of 1 set, making it suitable for both individual and commercial use. This allows customers to have the flexibility to purchase the product according to their needs and budget.

Packaging Details: Please consult customer service.

The Ricardo Diesel Generator comes in a sturdy and secure packaging, ensuring that the product is delivered to customers in perfect condition. Customers can consult the customer service team for more information on the packaging and delivery process.

Delivery Time: About 30-50 days

The Ricardo Diesel Generator is usually delivered within 30-50 days, depending on the location and quantity of the order. The product is shipped using reliable and efficient transportation methods to ensure timely delivery to customers.

Payment Terms: L/C, T/T, Western Union, MoneyGram

Customers can choose from a variety of payment options when purchasing the Ricardo Diesel Generator, including L/C, T/T, Western Union, and MoneyGram. This provides customers with the convenience and flexibility to choose the payment method that best suits their needs.

Supply Ability: 100 Set/Month

The Ricardo Diesel Generator has a supply ability of 100 sets per month, ensuring that customers can purchase the product in a timely manner. This makes it suitable for use in commercial and industrial settings where a reliable and continuous power supply is required.

Noise Level: $\leq 70\text{dB(A)}$

The Ricardo Diesel Generator has a low noise level of $\leq 70\text{dB(A)}$, making it suitable for use in noise-sensitive areas. This feature makes it ideal for use in residential areas, hospitals, and other places where low noise levels are required.

Starting System: Electric Start

The Ricardo Diesel Generator is equipped with an electric start system, making it easy and convenient to use. This feature eliminates the need for manual starting, making it suitable for use in emergency situations.

Rated Frequency: 50HZ/60HZ

The Ricardo Diesel Generator has a rated frequency of 50Hz/60Hz, making it suitable for use in countries with different power standards. This allows customers to use the product in various locations without any compatibility issues.

Frequency: 50Hz

The Ricardo Diesel Generator operates at a frequency of 50Hz, making it suitable for use in most countries in Asia, Africa, and Europe. This feature makes it a versatile and reliable choice for customers looking for a power generator.

Engine: Ricardo N4105DS

The Ricardo Diesel Generator is powered by the Ricardo N4105DS engine, a high-performance and efficient engine designed specifically for power generation. This engine has a proven track record of reliability and durability, making it the perfect choice for the Ricardo Diesel Generator.

Customization:

Customized Services for Ricardo Diesel Generator

As a leading manufacturer of diesel generators in China, we offer customized services for our Ricardo Diesel Generator to meet the specific requirements of our customers. Our products are designed and manufactured to the highest quality standards and are certified with ISO9001, ISO14001, and CE. We take pride in providing reliable and efficient power solutions for various industries and applications.

Brand Name: Ricardo

Our Ricardo Diesel Generator carries the trusted brand name of Ricardo, known for its high-quality and durable engines. We are proud to offer a wide range of power solutions under this brand.

Place of Origin: China

All our Ricardo Diesel Generators are manufactured in our state-of-the-art facilities in China, ensuring strict quality control and superior engineering.

Certification: ISO9001, ISO14001, CE

Our products are certified with ISO9001 for quality management, ISO14001 for environmental management, and CE for meeting European safety standards. This ensures that our customers receive reliable, high-quality, and environmentally friendly products.

Minimum Order Quantity: 1 Set

We understand that every customer's power needs are unique, and thus we do not have a minimum order quantity. You can order a single set of Ricardo Diesel Generator to meet your specific power requirements.

Packaging Details: Please consult customer service.

Our packaging for Ricardo Diesel Generator is customized based on the specific requirements of each customer. Our customer service team will consult with you to determine the best packaging solution for your order.

Delivery Time: About 30-50 days

Our production and delivery timelines for Ricardo Diesel Generator may vary depending on the specifications and quantities of your order. On average, our delivery time is about 30-50 days, but we strive to deliver our products as soon as possible.

Payment Terms: L/C, T/T, Western Union, MoneyGram

We offer flexible payment options to our customers, including L/C, T/T, Western Union, and MoneyGram. Our customer service team will work with you to determine the best payment method for your order.

Supply Ability: 100 Set/Month

With our advanced production facilities and efficient processes, we have the ability to supply up to 100 sets of Ricardo Diesel Generator per month to meet the demands of our customers.

Starting System: Electric Start

All our Ricardo Diesel Generators come with an electric start system for easy and convenient operation.

Frequency: 50Hz

Our Ricardo Diesel Generators operate at a standard frequency of 50Hz, suitable for most applications.

Noise Level: $\leq 70\text{dB(A)}$

To ensure a quiet operation, our Ricardo Diesel Generators have a noise level of $\leq 70\text{dB(A)}$, making them suitable for various environments.

Excitation Type: Brushless Self-excitation

Our Ricardo Diesel Generators feature a brushless self-excitation system, which provides stable and reliable power output.

Engine: Ricardo N4105DS

The heart of our Ricardo Diesel Generator is the Ricardo N4105DS engine, known for its high performance, durability, and fuel efficiency. Choose Ricardo Diesel Electricity Generator, Ricardo Diesel Power Generator, or Ricardo Diesel Standby Generator for your power needs and experience the quality and reliability of our customized services. Contact us today for a quote or any further inquiries!

Packing and Shipping:

Product: **Ricardo Diesel Generator**

Packaging and Shipping

Our Ricardo Diesel Generator is carefully packaged and shipped to ensure safe delivery to our customers. Here is a breakdown of our packaging and shipping process:

Packaging: Each generator is packaged in a sturdy and protective cardboard box to prevent any damage during transit.

Inner Packaging: The generator is wrapped in a layer of bubble wrap and placed in a custom foam insert to provide additional protection.

Documentation: A user manual and warranty certificate are included in the package for the customer's reference.

Shipping: We offer a variety of shipping options to cater to our customers' needs, including air, sea, and land transportation.

Tracking: Upon shipment, customers will receive a tracking number to monitor the status of their delivery.

Insurance: To ensure peace of mind, all shipments are insured for the full value of the product.

At Ricardo, we take great care in packaging and shipping our generators to guarantee their safe arrival. For any further questions or concerns, please don't hesitate to contact our customer service team.
